

Company Policy

ALM Envases de Aluminio is a family company with more than 30 years of experience in the sector which, nowadays, holds an important position in the national and international market in the aerosol manufacturing business.

ALM, S.L attempts to achieve, through continuous improvement and team work, the highest standards in quality, commercialization and production of aerosols, always prioritizing health, safety, and the protection of our environment.

Quality for all our services

1. Be knowledgeable and meet the needs and expectations of our customers.
2. Change to a new communication system with our customers, suppliers and interested parties (throughout telecommunications), to ensure an effective and fast exchange of information.
3. Focus on the satisfaction of our customers and collect their opinions and suggestions in order to improve our quality and management system.
4. Encourage positive and durable relationships with our customers, providers and personnel.

Safety – Our main goal

1. Nothing is more important than the safety of our personnel and the customers that use our products.
2. Constantly evaluate all the possible risks in order to mitigate or even eliminate them.
3. Integrate risk prevention throughout the company.
4. Working safely is a must to work in our company.
5. Achieve our main goal of 0 work accidents is our priority.
6. Ensure the maximum protection and encourage healthy habits for each job position.

Respect our surroundings

1. Boost the sustainability in all our areas by reducing the packaging material and increasing the usage of recycled raw materials and those with fewer toxic agents. This year, ALM will start using chemical products water based.
2. Reduce the waste generated and the power usage by creating structures that allow us to reduce the consumption of energy.
3. Implement an environmental management system (ISO 14001). We would like to be certified by 2023!

Encourage continuous improvement

1. Continuously check the management system to ensure its validity, adequacy and effectiveness with the annual objectives proposed by the company.
2. Encourage the innovation and development of projects that allow us to expand our market and at the same time, encourage our customers to use recyclable and more sustainable products.
3. Encourage the prevention of pollution and ensure that all our endeavors and projects respect the environment.
4. Comply with legal obligations and other applicable requirements.
5. Train our personnel safety (courses of PRL, and metal have been scheduled for 2023).
6. Internal audits and monthly control of the established actions in order to ensure their organization and closing.

ALM, S.L commits itself to keeping this policy updated, to implement and keep a management system and to optimize the processes for continuous improvement.

ALM will also share this policy with all the levels of the company, providers and third parties that have a relationship with ALM, with the commitment to fulfilling this company policy.

Scope: Design and production of aluminum monobloc cans
